Harsha Goyal - General Manager

CSG Networks Pvt Ltd

Faridabad India

Hello Harsha,

G Spotter Antennas have been pleased to have a fruitful and prosperous business relationship with CSG for more than four years. We are proud to be your exclusive distributor for your quality RF equipment throughout Australasia.

We have full appreciation of your quality products, service and have great trust in your company. We have been selling your Multi-Band antennas and various other RF products to the major critical communication services sector. Since 2010 your products under our G Spotter branding have been supplied to numerous Government Departments, Emergency Service departments, Communication - Media providers, large businesses throughout the Mining sector and to thousands of direct consumers throughout Australasia.

We are very happy with your products and services and congratulate your team for the excellent execution at all levels of the supply chain. We as a company have great confidence and mutual trust in your team at CSG, which is reflected in us keeping large stock volumes and placing regular repeat orders. You can certainly look forward to our continued future business dealings.

With best wishes !

David Edworthy - CEO
